gardener@hiddenspringsflowerfarm.com

(763) 218-4540

Hidden Springs Flower Farm grows about 23,000 peony plants including plants for breeding and seedlings for future introduction. They have over 600 varieties of peonies on a 4-year crop rotation so their list may include anywhere from 160-230 different varieties offered each year. All nursery operations are done by Brigitte and Harvey Buchite so that you receive personal attention to your orders. They are located in a zone 4 climate in Minnesota which is proven to be ideal for strong and healthy root stock. Hidden Springs ships root stock the last 2 weeks of September and first week of October, and their roots should grow well for recipients in zones 3-8. Brigitte and Harvey would love to connect with you through their Facebook page, where they share colorful photos and updates with fellow peony enthusiasts.
